Councilman Pearman also discussed the issue with the decrease in the amount of Misc. Revenue the County has received thus far in 2015 and advised of the importance the misc. revenue plays in the balancing of the county budgets. In regard to the decrease in revenue from the DOC for the housing of DOC inmates and the failure to file some of the monthly reports to the DOC he asked County Attorney Marty Lucas if someone could be held liable, as he felt they were not completing their responsibility. Attorney Lucas advised he wanted the information on the DOC billings and would like to speak with the DOC first before advising.
