TRUCK PRESENTATION AND DISCUSSION

Surveyor **Gwen Rentz** addressed the Commissioners regarding several options for a new truck. Either the truck would be used by the Surveyor, Planning Department or Maintenance.

Discussion detail from the transcript reflects that:

- Ms. Rentz had researched options for purchasing a new truck that would better serve the Surveyor's Office or Planning Office.
- She presented the idea that, if a new vehicle was acquired for the Surveyor or Planning Commission, the current Surveyor truck could then be reassigned for continued economic use by another county department.

Options discussed included:

- transferring the current Surveyor truck to the **Maintenance Department, Planning Commission** or reassigning it to the **Highway Department** as a secondary vehicle.

The Commissioners engaged in informal discussion concerning:

- budget timing for 2026 vehicle purchases,
- proper departmental need assessment, and
- the benefit of maximizing use of existing assets before disposing of them.

- **Second:** Seconded by Commissioner Charles Chesak.
- **Vote:** All in favor (3–0). Motion carried.

EMS Director Jim Garner – Property to Purchase

Jim is looking to purchase property for a new EMS base in Hamlet. Jim has located a 2.92-acre lot north of the railroad tracks in Hamlet, near Old State Road 30, across from the former Goble building and near the old gas station. Property is currently zoned as residential with two points of ingress/egress providing access to Main Street and State Road 30. Asking price is \$20,000.00. Legal counsel advised that the purchase would require: Two independent appraisals, adoption of an ordinance or resolution identifying the property, and compliance with statutory limits prohibiting offers above the average of the two appraisals.

Jim was directed to: Speak with the property owner to determine willingness to hold the property, report back on the owner's interest in a non-binding letter of intent, and seek placement on the next Hamlet meeting agenda if zoning discussion are required.

Public Comment

Starke County Clerk Bernadette Manuel

The Clerk reminded all elected officials that required financial disclosure statements are due **January 21 by 12:00 p.m. (noon)**. Filings submitted after noon will be considered late and may be subject to fines. The Clerk advised that, pursuant to Indiana Code, responsibility for delivering and retrieving election equipment rests with the **Board of Commissioners**.

The Clerk noted that the equipment is now substantially larger and heavier than in prior years (approximately **56 pounds per unit**, increased from approximately 20–22 pounds), and is no longer portable by individual inspectors. Due to statutory changes, election inspectors are **no longer permitted** to transport the equipment.

As a result, delivery and retrieval must be handled by a **bipartisan team** or a contracted **moving service**. Use of jail trustees for this purpose is prohibited by statute. Coordination with the Highway Department was mentioned as a possible option, though associated costs would need to be considered. At the request of the Commissioners, the Clerk agreed to prepare a **summary reference sheet** for an upcoming meeting outlining:

- Number of machines assigned to each vote center
- Delivery timelines
- Pickup timelines (including contingencies for equipment issues)
- Variations based on election type

This document will be provided to assist the Commissioners in planning and decision-making prior to the next election cycle.

Adjournment

With no further business before the Board, a motion to adjourn the meeting was made.

- **Motion:** Commissioner Charles Chesak moved to adjourn the meeting.
- **Second:** Seconded by Commissioner Donny Binkley.
- **Vote:** All in favor (3–0). Motion carried.
